PERSONAL STATEMENT

I'm a UX Designer and Front-end Developer from Mainland China, and currently based in Hong Kong. I love everything that has to do with Web design & development, Graphic design, UX / UI Design, motion design and the optimisation of system usability & stability.

I consider myself to be a studious and presentable individual, with an out-going likable personality and an ability to work effectively as part of a team as well on own initiative. I possess a fresh, modern approach to the IT industry, and employ creative and enthusiastic methods to problem solving. Hoping to be a member that could push your company forward.
